

Höfer & Bechtel GmbH, Mainhausen

GNS has held a stake in Höfer & Bechtel GmbH since 2019.

Höfer & Bechtel GmbH, headquartered in Mainhausen in southern Hesse, is a medium-sized company with approximately 40 employees. The company focuses on the field of nuclear technology, especially on the optimisation of process sequences, the development, construction and operation of complex and specialised special machines and measuring equipment for nuclear power plants, but also in radiology and radiation protection. High-quality technical IT services round off the range of services.
